**Testimonial to LJ Consultants & Services Sdn Bhd**

LJ Consultants & Services is recommended by my Iranian business partner when I'm seeking expert advice on establishing my office in Malaysia. LJ Consultants was absolutely of critical value in leading me through the maze bureaucracy of setting up of a company, select office and company secretary. Finally, obtaining my working permit in Malaysia.

Your company has proven to be capable and reliable, efficient and fast process. The management staff was helpful and keeps given me professional advice and comment when I face problem and difficulties. Thus, leading this case being accomplished within the agreed timelines.

Your invaluable knowledge and effort has enabled my company to quickly establish regional office status and position key expatriate in Malaysia to continue my company expansion into new market.

Yours faithfully,

Mahmoud Hafezi Mashhadi
