Dear LJ Team:

## Letter of Testimonial

I'm Nila Palacios from Venezuela and I run a Fashion boutique in Malaysia. I'm a professional Latin dance coach and designer for Latin Fashion outfits. I have been in Malaysia for the past 5 years.

In 2009, I decided to forgo my MM2H program because I found my career path in Malaysia, owning my boutique business. However, I faced a problem to change my MM2H program to a work permit. As such, I found LJ Consultants who were able to provide me with the advice I needed so, I appointed them as my consultants to manage this matter.

I'm very satisfied with the manner and professionalism of LJ Consultant and its staff while performing their duties and services, as it never failed me at any time.

All I can say is that LJ Consultant has provided a brilliant service to me and with their honesty and integrity, I believe they could be a good choice for others too. Give it a try and I'm sure you will never regret it.

Yours sincerely,

Nila Palacios
